

## A SCRIPTURE STUDY METHOD

To gain the best advantage from your daily Bible study, the following points should be followed: -

1. Find a place where you can be alone with God.
2. Pray before reading the Scriptures, asking for the Holy Spirit to teach you.
3. Read the Scriptural portion and then ask yourself the following questions:

### CAN I FIND FROM THIS PASSAGE: -

i) A **PROMISE** I can believe?

.....

ii) An **EXAMPLE** to follow?

.....

iii) A **WRONG** I should avoid?

.....

iv) A **COMMAND** to be obeyed?

.....

v) A **TRUTH** to be remembered?

.....

vi) A **FACT** about the Lord Jesus Christ?

.....

### THINGS TO CONSIDER: -

-  Think about background and context
-  Who's speaking to whom, and why
-  Is there a key verse I should memorise?
-  How does this passage or verse relate to the rest of the Scriptures?
-  Are there key words that need to be explored and understood?
-  Do I need to speak to a more experienced Christian or Pastor about this passage or verse?
-  Try to write out the passage or verse in your own words
-  Try to cross reference your passage or verse with other *appropriate* verses
-  What title and outline would you give to your Bible study
-  How might you apply what you have learned to your life in a practical way?
